SUMMARY

I am interested in IT and everything in its orbit. I am a driven individual with the ability to adapt to any situation and proven potential to grow self and others. I am keen to gain more and more experience in the field. For this reason, I am looking for a company willing to offer me a placement among their developers, writers or editors. In return, I would offer my full commitment, and be a pleasant and friendly addition to your team.

EXPERIENCE

Self-Employed

FULL STACK DEVELOPER

📅 Aug 2021 – Ongoing

- Worked remotely and helped many individuals, small and intermediate companies in bringing their ideas to life.
- Developed a web application for small businesses to manage finances Built web applications for organizations using modern technologies
